

INDUSTRIAL AUTOMATION SUPPLY, INC.

- 

ABB
Entrelec
SSAC

Motor controls, molded case breakers, disconnect switches, DIN mount mini circuit breakers, soft starters, PVC Wire duct
- 

OMRON / **Sti**

Proximity and photoelectric sensors, process/temperature controllers, RF/ID systems, timers, counters, relays. Safety products.
- 

EMERSON
MOTION CONTROL
CONTROL TECHNIQUES

AC digital servos, motions controllers, AC variable frequency drives, Unidrive open/closed loop vector, servo, general purpose, DC drives (from 3 to 1000 HP)
- 

Hoffman

Electrical and electronic enclosure systems, steel, stainless steel, aluminum, fiberglass, PVC, NEMA, and JIC rated, climate control products
- 

WAGO
INNOVATIVE CONNECTIONS

IEC terminal blocks integrating "cage clamp" design, DIN rail mounted devices, "WAGO I/O" open fieldbus products
- 

PATLITE
Visual and Audible Machine Status Indicators

Visual lighting and audible alarm signaling devices, LED stackable lights, rotary beacons, horns, and buzzers
- 

ENERDOOR

EMI/RFI line filters, single and three phase, series and parallel, 0-600 VAC, UL and CE listed, Chokes, Line and Load reactors
- 

Pro-face
XYCOM

HMI's, graphical operator interface terminals, Industrial PC's, Industrial workstations, Industrial monitors
- 

FIBOX

Non-metallic and aluminum enclosures, small to medium-sized junction boxes, transparent covers and accessories.
- 

BODINE
ELECTRIC
COMPANY

Fractional horsepower electric motors, gearmotors and controls: AC and DC, permanent magnet, brushless
- 

ENCODER
PRODUCTS COMPANY

Rotary incremental and absolute encoders, shaft, hollow-bore, thru-bore, linear cable and stainless steel versions
- 

ALLIED MOULDED PRODUCTS, Inc.

Fiberglass molded enclosures, NEMA 4X, wall mount, JIC, screw and hinged cover.
- 

PHOENIX CONTACT

DIN-rail Mounted Terminal Blocks, DIN-rail Power Supplies, Signal Conditioners, Distributed I/O, Industrial Connectors, Sensor cables
- 

Panasonic
Aromat
Subsidiary of Matsushita Electric Works

Programmable logic controllers, AC digital servos, operator interface terminals, motion controllers, AC variable frequency drives, sensors: photo's, prox's, ultrasonic, laser
- 

Schneider Electric
SQUARE D
GROUPE SCHNEIDER
Telemecanique
MERLIN GERIN

Motor controls, sensors, pushbuttons, transformers, load centers, safety switches, DIN mount circuit protectors, timers, counters, DIN mount I/O modules
- 

MOELLER

Motor controls, pushbuttons, sensors, circuit breakers, IEC control products, disconnect switches, cam switches, timers, relays
- 

HARTING

Hheavy-duty multi-pin industrial connectors and accessories, field attachable sensor bus connectors
- 

Baumer

Sensing products, photoelectrics, inductive and capacitive proximity switches, ultrasonics, lasers and encoders
- 

Pyromation, Inc.

Temperature sensors: thermocouples, RTD's, wire and accessories
- 

SMC

Air system components: valves, cylinders, FRL's, vacuum generators, fittings, tubing, instrumentation and flow controls
- 

CARSON MFG. INC.

Low, medium, and high-precision planetary NEMA frame servo gearheads
- 

Magnecraft & Struthers-Dunn
Your Contact for Relays

Relays, timers, electro-mechanical and solid state, plug-in, DIN mount, 12V to 480V, high current
- 

IMS INTELLIGENT MOTION SYSTEMS, INC.
Excellence in Motion™

Stepper motors and controls, packaged drive systems for stepper motor control
- 

Ferraz Shawmut

Industrial and semiconductor fuses, fuse holders, and accessories, disconnect switches, power distribution blocks, surge protection, and thermal management

INDUSTRIAL AUTOMATION SUPPLY, INC.

Industrial Automation Supply is an electrical controls and automation components distributor with a focus on serving the Original Equipment Manufacturers market in New England. The manufacturers we represent allow us to provide OEM's with a wide variety of electrical items from Motion Control products to Sensors to Terminal Blocks making us a "one-stop shop" for all your automation needs. IAS prides itself on its technical know-how at the point of sale. Our product and customer application knowledge enables us to provide solutions for our customers that are unmatched in the industry. We look forward to the opportunity to provide you with solutions to your electrical control and automation component needs.
